

## Worksheet 17 · Missing factor — multiplication

Find the missing number in each equation.

$$\#1 \quad \square \times 8 = 472$$

$$\#2 \quad 7 \times \square = 483$$

$$\#3 \quad \square \times 6 = 354$$

$$\#4 \quad 9 \times \square = 621$$

$$\#5 \quad \square \times 4 = 296$$

$$\#6 \quad 12 \times \square = 144$$

$$\#7 \quad \square \times 5 = 385$$

$$\#8 \quad 8 \times \square = 656$$

$$\#9 \quad \square \times 9 = 783$$

$$\#10 \quad 6 \times \square = 372$$

$$\#11 \quad \square \times 7 = 539$$

$$\#12 \quad \square \times 11 = 407$$
